

Self-Descriptive Questionnaire - Class of 2010

Your responses to the following questions serve two very important purposes: They will help us write a more comprehensive recommendation for you for colleges and/or employers and they will help you provide information many of the college applications require. Do not provide us with information you do NOT want included in the recommendation. Try to do a good job for us. We will try our best to write the best possible recommendation for you. **RETURN THIS TO YOUR COUNSELOR.** Thank you.
